

SAHIL KADAM

SOFTWARE ENGINEER / FULL-STACK DEVELOPER

+91 9307891604 • sahilkadam9195@gmail.com • Pune, India • [LinkedIn](#) • [GitHub](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

Performance-focused **Software Engineer** specializing in modern web architecture, state management, and full-stack system optimization. Demonstrated expertise in engineering robust, production-grade applications using React, Next.js, Node.js, and MongoDB. Proven capability in algorithmic problem solving with strong Data Structures & Algorithms (DSA) foundations. Highly driven to build high-throughput enterprise products and scalable SaaS solutions.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, C++, HTML5, CSS3
Frontend	React.js, Next.js, Redux Toolkit, Tailwind CSS, Responsive Web Design
Backend & DB	Node.js, Express.js, RESTful APIs, MongoDB, Mongoose ORM, Microservices
Tools & Core	Git, GitHub, Vercel, Postman, DSA, OOP, DBMS, System Design Basics

KEY PROJECTS

Enterprise Complaint Resolution Software | [React.js](#), [Node.js](#), [Express.js](#), [MongoDB](#), [Tailwind CSS](#)

- Architected a multi-role ticketing and workflow tracking platform enabling dynamic administrative service routing and automated state updates.
- Implemented Role-Based Access Control (RBAC) ensuring granular data authorization for users, department heads, and resolution agents.
- Designed high-performance REST APIs and optimized MongoDB aggregation pipelines for real-time analytics dashboards.

Full-Stack Inventory Management System | [Next.js](#), [TypeScript](#), [Node.js](#), [MongoDB](#), [Tailwind CSS](#)

- Engineered a centralized asset tracking application featuring real-time stock monitoring, mutation validation, and low-inventory alerts.
- Designed modular Mongoose schemas handling concurrent read/write operations with zero state desynchronization.
- Built a high-density, accessible UI layout with Tailwind CSS focused on rapid keyboard navigation and minimal render overhead.

EDUCATION

Bachelor of Science in Computer Applications (BSc CA)

Expected 2027

Dr. D.Y. Patil Arts, Commerce & Science College, Pimpri, Pune

- Cumulative GPA:** 8.6 / 10.0
- Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Web Architecture, Relational Databases.

CERTIFICATIONS & ACHIEVEMENTS

- Data Structures & Algorithms Certification:** Verified proficiency in problem solving, computational complexity, dynamic programming, and algorithmic optimizations.
- Engineering Achievement:** Recognized for technical excellence and rapid problem-solving in college-level competitive coding / hackathon challenges.
